

COCONUT CAKE

SOURCE: It's a Secret Cookbook (each recipe has a secret/special ingredient)

INGREDIENTS:

- 1 box white cake mix
- 1 C shredded coconut
- 1 can (15 oz) Coco Lopez CREAM OF COCONUT (this recipe's secret)
- 1 small can CRUSHED PINEAPPLE, drained (another of this recipe's secrets)
- 1 large carton Cool Whip

DIRECTIONS:

Mix cake according to directions on box, adding 1/2 C shredded coconut + drained CRUSHED PINEAPPLE to batter. Bake as directed in 9x13" pan. When cake is done, remove from oven - punch holes all over top of cake with fork or toothpick. After stirring the CREAM OF COCONUT, pour it over holes in cake. Let set about 30 minutes. Mix Cool Whip with remaining 1/2 C coconut, mixing well. Spread mixture over cake & refrigerate several hours (or overnight).
